MESSAGE FROM THE MINISTER HEALTH, KHYBER PAKHTUNKHWA

Government of Khyber Pakhtunkhwa acknowledges the important role of Paramedical staff in healthcare service delivery system. Provision of quality Health Services is not possible without the availability of skilled staff at primary, secondary and tertiary level health care facilities.

Government of Khyber Pakhtunkhwa is committed to ensure the availability of trained and skilled paramedical staff in the province at all levels. For this purpose, the Provincial Health Department will provide every possible support to all Paramedical Institutes in public sector to impart and ensure quality education and training in various disciplines of allied health sciences.

It is hoped that the public sector paramedical training institutes shall produce professionals of high quality with appropriate behavioral skills and understanding to deal with the health problems and needs of people at a human level, which is not possible without abiding by the norms of professional ethics and discipline.

MESSAGE FROM THE SECRETARY HEALTH, KHYBER PAKHTUNKHWA

The Government of Khyber Pakhtunkhwa is fully cognizant of the fact that well-trained and skilled allied health professionals are important part of the healthcare workforce. By providing high quality education and use of advanced training techniques through qualified faculty in a conducive training and learning environment to the students of all the paramedical training institutes of the province.

The Provincial Health Services Academy (PHSA) Network is playing crucial and appreciable role in enhancing capacity of healthcare delivery system by producing allied health professionals for the healthcare delivery system in the province and elsewhere. The Network is also focusing on improving the quality of education and training for the Allied Health Professionals including Paramedics.

Our aim is to produce well trained and skilled personnel to fulfill the needs of the healthcare delivery system with the best outcome indicators.

MESSAGE FROM THE DIRECTOR GENERAL, PROVINCIAL HEALTH SERVICES ACADEMY NETWORK

The Provincial Health Services Academy (PHSA) is playing integral part in enhancing and strengthening health workforce.

The Academy runs courses in various paramedics' disciplines in PGPI Peshawar and three Paramedical Institutes in Swat, Abbottabad & D.I. Khan in addition to leadership and Management cadre training, Graduate and Post graduate nursing education etc.

The PHSA and PGPI are working to revisit and upgrade the curriculum making it responsive to the needs of 21st century. Thereby not only responding to modern challenges at home but creating employment opportunities for this very skilled human resource in the global market. The results of this paradigm shift in training would soon be visible in healthcare quality and enhanced satisfaction of the patients and clients.

SECTION – I (INTRODUCTION)

PROVINCIAL HEALTH SERVICES ACADEMY PESHAWAR

Capacity building of the provincial health department in service delivery and governance of the health sector were one of the major areas of health sector reforms agenda in 1990s, when World Bank funded Family Health Project was launched in 1992.

Provincial Health Development Center (PHDC) and Divisional Health Development Centers (DHDCs) were established in the province for in-service training for all cadres of staff in health department.

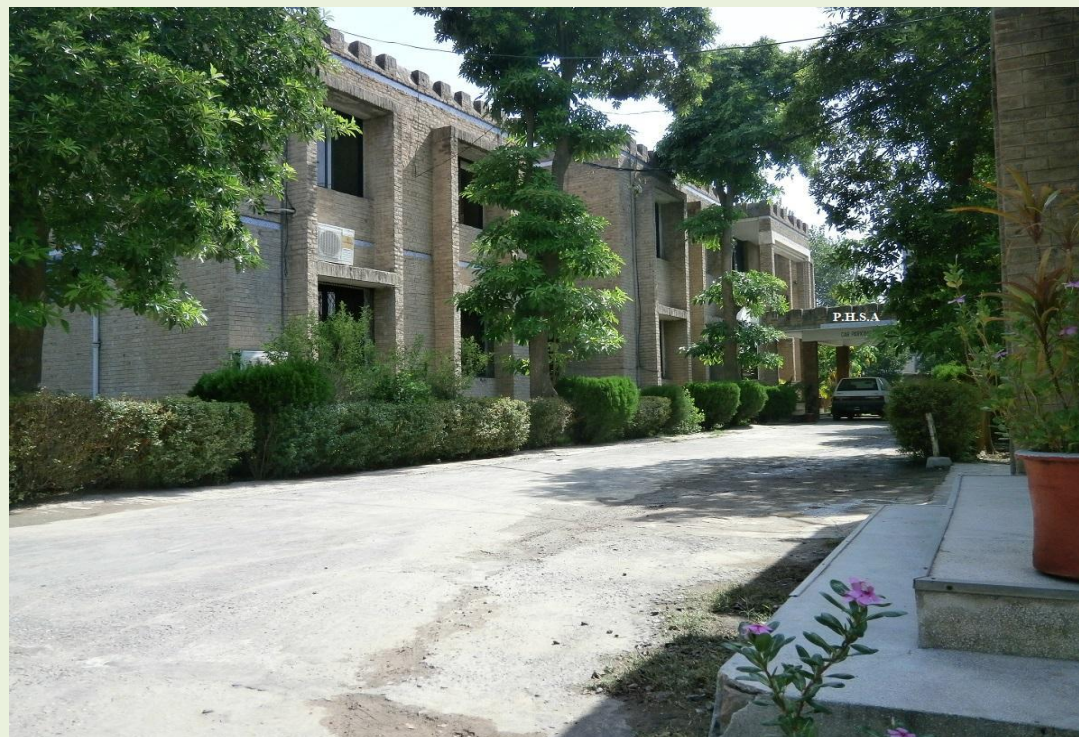

To sustain the capacity building initiative of Family Health Project, after it's winding up in December 1999, the PHDC was raised to the status of first ever Provincial Health Services Academy (PHSA) in Pakistan which was later on granted the status of Attached Department under the administrative control of Health Department, Khyber Pakhtunkhwa.

The main responsibilities of PHSA, *inter alia*, include pre-services education and training of paramedics, nurses and Lady Health Visitors (LHV Midwives), in-service and refresher trainings of doctors and other cadres of staff of Health Department in addition to acting as technical and assistance arm of the Health Department in relation to training and capacity building of human resource.

For this purpose, the PHSA is currently running a network of 24 institutions comprising one Postgraduate College of Nursing, ten Schools of Nursing, one Postgraduate Paramedical Institute, three Paramedical Institutes of Medical Technologies, and four Public Health Schools for LHVs training and five Divisional Health Development Centers spread across the province along with the main Provincial Health Services Academy itself.

All the paramedical diploma training courses under the PHSA network are affiliated with Khyber Pakhtunkhwa Medical Faculty Peshawar for the purpose of examination and award of diploma.

Under the authority of Notification No.SO (Reg)1-124 Dated 26th August 2002 and vide No.SOH(MTI)/2-1-General/2022 Dated: 23 May 2022 issued by the Health Department, Government of Khyber Pakhtunkhwa, all public sector hospitals in the province, including teaching hospitals and District Headquarters Hospitals are affiliated with the relevant paramedical training institutes under the PHSA Network for imparting clinical / practical training to the paramedical students through their staff which acts as teaching faculty in their respective discipline of medical technologies.

1. Valid disability certificate as per the rules of the Government of Khyber Pakhtunkhwa.
2. In case of ambiguities the selection committee of the institute may refer the case to the standing medical board for verification or medical fitness of the candidate.
3. In case a candidate is declared unfit for admission in a particular course of studies, she/he may be considered in other technology course, she/he might have opted for. In case of not opting for any such course in the application form, the candidate will be dropped from admission.

ADMISSION PROCESS & MERIT COMPILATION RULES

FORMULA FOR CALCULATING MERIT AND WEIGHTAGE ALLOCATION

1. The merit score will be set at a maximum of 100 points
2. Out of the total of 100 points, up to 90% weightage will be assigned to the marks obtained by eligible candidates in their Secondary School Certificate (SSC) examination, or its equivalent, with a focus on science subjects including Biology. This is contingent upon the candidate achieving at least 50% of the total marks in the SSC examination (including Biology).
3. Out of the total of 100 points, up to 10% weightage will be given to the marks obtained by candidates in their F.Sc. (Pre-Medical) examination or its equivalent. Similarly, the candidate must score at least 50% marks in the F.Sc. (Pre-Medical) examination in order to be considered for this weightage

EXPLANATORY DETAILS ON MERIT CALCULATION:

1. Applicants with less than 50% marks in the SSC examination (with Biology as a compulsory subject) or its equivalent will not be eligible to apply
2. Applicants with higher qualifications (such as F.Sc or equivalent) but scoring less than 50% marks in the SSC or equivalent examination will not be eligible for admission
3. Having an F.Sc (Pre-Medical) or an equivalent higher qualification is not mandatory for admission but will be considered for weightage in the form of marks (10% weightage of obtained marks). If a candidate scores less than 50% marks in the F.Sc. (Pre-Medical) or equivalent examination, no weightage will be added to their merit calculation, and their merit will be based solely on the marks obtained in the SSC or equivalent examination (90% weightage only).
4. The selection and merit will be determined based on the percentage of Matric marks (90%) and F.Sc marks (10% weightage if applicable).
5. Candidates who are Hafiz-e-Quran and possess a certificate of Hifz from Wafaq-ul-Madaras Pakistan or its registered Madaras will receive an additional 20 marks, which will be added to their SSC obtained marks.
7. In the event that a candidate with ineligible qualifications due to forged or irrelevant documents is mistakenly granted admission, the following actions will be taken:
 - ii. The admission will not be considered valid and will be immediately revoked
 - iii. The actions will be considered fraudulent by the applicant and legal proceedings will be initiated
 - iv. If fraud is proven at any point during the candidate's training or education, the admission will be cancelled at their own expense
 - v. The government, institute, or hospital may seek reimbursement for any expenses incurred during the admission and education/training of the fraudulent candidate
 - vi. If a diploma has already been awarded, it will be revoked and further disciplinary actions may be recommended.

INTERVIEWS FOR SELECTION

Keeping in view the number of applicants, an appropriate number of candidates on the Institutional merit list, but not more than 03 candidates for each seat from all categories/districts (as in Table-1,2 & 3), will be called to appear before the interview committee in the respective Paramedical Training Institutes.

The interview shall not be given any weightage of marks in the merit, but its sole purpose will be physical verification of the person, assessing the general composition and physical as well as mental status and scrutiny of his/her credentials (original documents) in-order to determine his/her preliminary fitness or otherwise for admission to a Paramedical Training Institute.

In case of any doubt about the person, fitness or credentials of a candidate, the interview committee may recommend an appropriate action to the Selection Committee.

Any candidate, who does not appear before the interview committee on due date, time and venue because of any reason, whatsoever, shall not be considered for admission despite falling on merit in the selection list and the interview shall not be re-arranged for any such candidate/s.

FINAL MERIT LIST AND ADMISSION SELECTION

After the interviews are completed and the final institutional Merit Lists are compiled, the list of selected candidates will be prepared based on merit and technology/district (as described in relevant sections of this prospectus). Once approved by the Selection Committee, the list of selected candidates will be posted on the official website of ZAB PGPI Peshawar www.zabpgpi.kp.gov.pk and also displayed in all Paramedical Training Institutes affiliated with the PHSA network as per the advertised dates. No individual selected candidate will receive separate call letters, offer letters, or phone calls for admission.

The admission offer awarded to selected candidates will expire within five working days of the final lists being posted on the official website. This offer is a one-time opportunity and will not be reconsidered for the same candidate in the same or different technology if not accepted within the given timeframe. Selected candidates who fail to report for admission will forfeit their right to admission, which will then be offered to the next candidates based on merit and choice of technology/district through the official website's selection process.

If any seats remain unfilled by the selected candidates in the initial final merit list, a second selection list may be prepared from the waitlisted candidates who have already been interviewed. This second list will be based on the same criteria of merit and technology/district choice at the respective institute, with a five-day window for candidates to report for admission. This process may continue until all vacant seats are filled by selected candidates, but not exceeding 45 days or the registration deadline set by the Faculty of Paramedical and Allied Health Sciences, Khyber Pakhtunkhwa, whichever comes first. Throughout the selection process, merit will be the sole consideration.

Based on the information provided, it is strongly recommended for candidates to take the following actions:

- Continuously check the official website or contact the relevant institute to ensure you do not miss out on any opportunities for admission.
- Thoroughly complete the application form with great attention to detail when selecting your preferences for technologies or categories, as these choices will heavily influence the allocation process based on merit at the respective institute.
- Exercise caution when choosing technologies, as failure to list a specific technology in the application form will result in disqualification from admission to that particular technology, even if you meet the merit requirements. It is vital to remember that once the application form is submitted for admission, any changes, alterations, additions, or deletions to the technology preferences will not be permitted.

MIGRATION PROCEDURE

- a. Migration will be done subject to availability of vacant seat in relevant technology and NOC from principals of concerned institutes.
- b. Mutual migration is allowed provided that both students are from same technology.
- c. Rs.10000/- will be deposited as migration fee to the recipient Institute.
- d. No student is allowed to migrate from Private Paramedical Institute to Government Paramedical Institute and vice versa under any circumstances.
- e. All cases of migration will be allowed after approval of the Director General Provincial Health Services Academy, Health Department Peshawar.
